Thursday's Advocate, in a dispatch from Upper Sandusky stated that a wreck had occurred on the Hocking Valley, six miles south of that place. Details at that time were meagre, but it was learned that two women had been killed and a number injured.

Two Newark people were on the wrecked train. Mrs. C. E. Stouffer of 64 Moul street, and Mr. Lester Redding, chief assistant inspector of workshops and factories, with headquarters at Columbus, and who makes his home when in Newark at

high school annex, the Hull building, the Park National Bank, the new first Presbyterian church and the new M. E. church. He was recently appointed to the state position that he now holds by Governor Harmon and spends the week end days in this city. He left here Monday expecting to return the latter part of the week.

As in the September tragedy, when the same train was wrecked near Toledo the cause of the accident is a complete mystery. The engine's tender was derailed. The massive locomotive, which is of the Atlantic type, stuck to the rails, although in the previous wreck it turned turtle. The tender drew the entire train off the track. Two baggage cars remained upright on the roadbed, but two day coaches and parlor car, making up the rest of the train, plunged into a hollow 25 feet deep.

Mrs. Mary A. Cook, aged 81 of Bluffton, and a woman aged about 35 years, who could not be identified last night, were killed when caught in the roof of the second day coach, which overturned. They were found on the inside of the demolished car. Mrs. Cook was dead when picked up. At the Hocking Valley office it was said yesterday that Mrs. Cook was the first passenger to be killed outright in a wreck during the entire history of the road.

The young woman at Mrs. Cook's side, although thought dead and placed in an undertaker's basket, in a pasture, for several hours did not die immediately. A half hour after the accident it was discovered that she was still breathing.

Joseph Martin of Marion, who had been lifted the lid of the death basket to see if he could identify the woman. While holding the lid open he and others about him were astounded to see the woman's lips move.

The bruised body was taken from the basket hurriedly and physicians began a fight for the woman's life, which ended soon after, when the victim expired. She did not regain consciousness and her identity remained a mystery.

Efforts last evening to identify her as Miss Anna Kreuch, a Toledo nurse, who is said to have been a patient in a sanitarium at Columbus or vicinity, were unsuccessful.

Prosecuting Attorney H. H. Newell and Coroner J. C. Routh visited the scene of the wreck shortly after it occurred and today Prosecutor Newell states that he will conduct a thorough investigation with a view of discovering the cause. He intimates that if the wreck was caused through carelessness on the part of railroad employees he would take immediate action to punish those responsible for the accident.

"I was reading a paper when the shock came and the next thing I knew I had landed on my head about 20 feet up the car."

"My but it was an awful bump and it rather stunned me for a little while. When I regained my senses I crawled from the wreck and finding that I was not seriously injured, I went back and assisted in the rescue work of the imprisoned passengers."

"I tell you it was an awful scene and I would not care to go through it again. Why more were not killed is a mystery to me, as we were certainly hustling along some when the train left the rails."

"We had just crossed the highest part of the fill south of Harpster and were traveling along at a merry clip when there was a sudden terrific bumping which continued for a few seconds, and then our car suddenly rocked from side to side, sending the passengers flying in all directions. The next instant the car had rolled down a 30-foot embankment at the edge of the grove just south of Harpster. The injured were removed to a field nearby and later to homes of the good people at Harpster. Some hours later a special arrived from Marion and the injured were removed to hospitals in that city."

At the hospital this morning one of the nurses said: "Tell the Advocate that almost all the victims feel the shock more today than yesterday and this is the time that they must be kept quiet. Mrs. Stouffer is resting as well as could be expected under the circumstances and we hope to make a good report of her condition later on."

Mr. Redding will be remembered as the supervising architect of the new bridge over the Hocking river.

### \$3,000,000 HEIRESS FINDS SOUL

MAT E AFTER LONG SEARCH

MR. AND MRS. C. B. GALVIN

New York, Oct. 21.—Arlene Gatzam, the Cornwell heiress, and her long looked for soul mate, and was married to him in the quiet little rectory of St. Thomas Catholic church, in Cornwall by the Rev. Father John Brosnan. The bride is twenty-six years old and is said to possess at least \$3,000,000 in her own right. The bridegroom is Charles B. Galvin, thirty-two years old, a civil engineer in the employ of the board of water supply of New York at a salary of \$12,000 per year. No tale of fiction is stranger or more romantic than the search for and subsequent wooing of Miss Gatzam of her soul mate, now her husband. After sending out Pinkerton detectives to find this mate, whose description she had furnished them, and while they were still scouring the country to locate the man whom this description would fit, Miss Gatzam discovered Mr. Galvin in the very shadow of her Cornwall mansion, where he was surveying, and straightaway began to woo him. The bride, through her devotion to matters pertaining to the spirit world, last fall became involved with Marshall Clark, a palmer. She followed his teachings, and his wife sued her for alienation of affections. Miss Gatzam settled the suit for \$25,000.

### NEWARK MAN MEETS WITH MYSTERIOUS DEATH AT COLUMBUS EARLY TODAY

A dispatch to the Advocate from Columbus Friday morning stated that a young man had been found dead in a room at 245 South Fourth street. The body was marked "Hermann, Newark, O." and his laundry was marked "O. N."

The Columbus officials stated that the marks were the only clues by which identity might be established and the Advocate was requested to try and find if the dead man had relatives or friends here a description of him being furnished by the Columbus authorities.

In less than fifteen minutes after receiving the death announcement the Advocate had probably established the dead man's home here.

One week ago Monday, Orlaf Nelson, 25, a Swede, left his boarding house 126 Oakwood avenue, telling his landlady, Mrs. Belle McManus, that he was going to Columbus. That is the last he ever heard of him. When he left he wore a suit of black clothes, congress shoes and a derby hat which he had purchased of Hermann, the clothing store, on Main street. Nelson had red hair and a red mustache and wore a 14-12 collar. He had blue eyes, was about five feet three inches tall and had a very light complexion. The description tallied exactly with the dead man of Columbus and Mrs. McManus is confident that it is Nelson.

Orlaf Nelson came here about five years ago from Chicago and since that time has been employed frequently by Capt. A. H. Heisey as a laborer. He was a good workman, but during the past year has suffered much from sickness. His only known relative is a brother employed at the Armour packing plant at Chicago.

Nelson, if it is he, is said to have met his death by coming in late at night and stumbling over a porcelain jar, fell and cut his neck, bleeding to death. It is not known at this time what disposition will be made of the remains as the Columbus authorities are endeavoring to get into communication with his brother at Chicago.

### CRIPPEN MAKES GOOD IMPRESSION ON WITNESS STAND

What part of an auto? Answer to Thursday's puzzle—Fall River.

London, Oct. 21.—After a severe cross-examination Dr. Crippen left the witness stand apparently confident that he had convinced the jury of his innocence. Despite the circumstantial evidence against him he made a good impression. Spectators who have attended all sessions think it will be impossible to convict him.

Crippen was perfectly cool and collected under cross-examination, and his frankness made a hit with the spectators. He said, in answer to a question that he and his wife were often absent for weeks from their house and that the body may have been buried in his cellar at one of these times. He admitted, voluntarily, however, that who did it or why was as much of a mystery to himself as to the police.

The defense rested after several doctors had testified that the supposed scar found on the body in Crippen's cellar was not a scar at all. It is expected the case will go to the jury tomorrow and Crippen may know his fate before tomorrow night.

### STATE EMPLOYEES TIME DEVOTED TO POLITICS

**Gov. Harmon Reads Remarkable Communication From One of the State Canal Collectors**

**Executive Explodes Bomb Which Will Have Far Reaching Effect---Hands Were Tied in Canal Matters Until Harris Appointee's Term Expired and Then Harmon Started Immediate Investigation.**

Steubenville, Oct. 21.—With the reading of a letter from a canal collector to the secretary of the state board of public works written ten days ago, Governor Judson Harmon delivered one of the most forceful strokes of his campaign.

This epistle proved two things. The first is that canal collectors are paid when there is nothing for them to do. The second was that their time is being entirely devoted to politics.

In this remarkable communication, which betrays illiteracy and the coarsest breeding, Governor Harmon is disrespectfully referred to and the hope is expressed that he will be badly defeated. It was written by H. W. Myers, who is the collector at that point, which is the home of W. B. Kirtley, a member of the state board of public works. It reads as follows:

Defiance, O., Oct. 10, 1910.

Mr. Diehl, Sect.: I can't collect tolls without water in the canal. But I can do good work for the Republican in Country. I am out most every day among the Country men. I want to see that Man Harmon be, so that that he will go home and seek his head.

Yours Truly,  
H. W. Myers, Coll.

While the crowd laughed, Governor Harmon explained that Myers meant that the gubernatorial head was to be "sacked" and not "sodded."

The letter came as the climax to a discussion of the grafting charges in the board of public works department. Governor Harmon utilized the opportunity to make reply to the demands of Warren G. Harding at this point that all the evidence in these cases be furnished the attorney general. Harding made the charge that part of the evidence was being withheld for political purposes. Governor Harmon said this in response:

"Chief Engineer Marker's report this month showing graft by various officials on one division of the canal, has been laid before the attorney general with all statements and names of witnesses. As these are now under consideration by that officer and myself with a view of deciding on the proper steps to be taken, I shall not comment on them, but confine myself for the present to the board in September on the subject of useless employees and the waste of public money."

"Mr. Harding complains because canal exposures were not made sooner. But 'better late than never' is a sound proverb, so even if I was 'late' with me, it was 'never' under the rule of Mr. Harding's associates, and would have been so to the end."

"Governor Patterson, in his inaugural address called attention to the multitude of useless employees on the canals. Look! renders a' looks never used and collectors where collections were small and far apart and might better have been made by mailing bills, as they were monthly water and land rents, payable half yearly, and over-seers with no workmen under them."

"I did the same in my inaugural. But nobody took notice. Nothing was done. Members of the board of public works said there were no unnecessary employees when I asked about them."

"The state machine fastened on me a chief engineer named by my defeated opponent one week before I took hold. I could do nothing effective until his time expired and I appointed Mr. Marker in his place and directed him promptly to look into the business methods employed on the canals, with a view of cutting off needless expenses."

"This vigilant and faithful officer is proceeding with the greatest possible dispatch and on Sept. 12 made a full and detailed report to the board, showing how an immediate saving of \$30,375 could be made just by having the public business transacted like all other business is done. With open contempt the board refused to take the steps recommended."

"The letter I have read shows why H. W. Myers is a collector at

Defiance. During nine months of the year ending Aug. 1 last his total collections were only \$35.68 while his salary and expenses came to \$315. During that entire year he collected only \$253.34, and drew a salary of \$128.83. His letter to the secretary of the board accompanying his weekly report was: 'Nothing doing.'"

Gov. Harmon spoke last night from the same stand used by Mr. Harding Tuesday night, and his audience was even greater than that which greeted his opponent. He was introduced by Roy McClave, nominee for prosecuting attorney. In addition to the letter from Collector Myers, he discussed other canal subjects. He scored heavily with the crowd by his satirical reference to Harding's sending Attorney General Denman to Columbus to investigate the charges.

"Why, who is Governor of Ohio, I want to ask?" he exclaimed. "Denman was made attorney general four months before I was inaugurated. Why didn't he send him? No body sent me after the B. P. W. I went myself."

"Another thing, did Harding send Denman the attorney general, or Denman the candidate for re-election? There's a difference you know."

Harding was also rapped for his "desperation" and "unfairness." "He says I did not sign the tax limit bill," said the governor. "He knows that the great fight of my administration was for a one-per-cent tax limit, and he knows, too, that it was the senators and representatives of his friend, George B. Cox, who led the fight against it and made the rate 1-1-2 per cent. When I am re-elected I propose to demand that it be lowered to 1 per cent."

Amid great applause the governor paid a high tribute to Senator Marshall N. Duvall, the Republican member from this district. Senator Duvall was the only Republican to vote against the fake investigation resolution to permit Governor Harris to make an inquiry. In a speech he besought his fellows "to make an honest housecleaning or they would rue the consequences."

"For his honesty he was snubbed and even insulted," said the governor. "He was right, and I am proud to pay him honor in this his home."

The meeting was closed by Chas. N. Graves, nominee for secretary of state, who spoke on national issues and the high cost of living.

The authorities all over the country are anxious to secure the apprehension of one John H. Kline, alias William Hoover, alias John H. Hoover, alias H. G. Fisher, alias John H. Snyder, alias William Linger, alias Henry Fisher, alias John O'Brien, alias John Martin and many other aliases, who has the reputation of being the greatest swindler in America.

The county commissioners of Wayne county want the man very badly and have issued a proclamation offering \$250 for his apprehension. His plan of working was to go into a town, call at the office of an attorney or real estate man and learn if there was any land in the vicinity for sale. Of course there would be some as every real estate man usually has a number of farms for sale. The real estate man would take him out to see a tract of land which seemed to suit the man, but he would not buy that day. Later he would call on the farmer and purchase the farm on condition that the title was perfect, the farmer to furnish him an abstract of the title. He would then go to a loan agent and tell him about his purchase; that he had money enough to pay for the farm but would like a loan of a certain sum of money with which to erect buildings. The loan agent would negotiate. When the abstract was passed on the title he would then pretend to have the deed signed by the parties from whom he had purchased the farm. He would then hunt up the loan agent, show him the deed, go with him to the Recorder's office and have the deed recorded. The man from whom he was securing the loan would then turn the farm over to him a draft for the amount of money desired, when he would give the man his note secured by a mortgage on the farm, which note also had recorded. They would then go to the bank together and

ve the draft cashed.  
The man's description is as follows:  
e 50 to 60 years, 5 feet, 9 inches;  
to 200 pounds, brown eyes, dark  
hair, mixed with gray; dark com-  
plexioned, heavy build, heavy muscled  
cross the back and carries his head  
forward which gives him the appear-  
ance of being stoop-shouldered; has  
broad shoulders; small legs for the  
size of his body; large flat feet; is a  
single squint eyed; has gold tooth on  
upper jaw, which is right front tooth,  
which he may remove; full round face;  
smooth shaven except a short  
fuzzy mustache. He is of German  
descent and can speak German. Rath-  
er slow, smooth talker and unassum-  
ing in his way. Sometimes has long  
hair or wears a wig. He probably has  
one or three sets of false teeth which  
he uses. He has scars and marks as  
follows: Burn scar on left fore arm,  
one mole on bridge of nose, scars on  
right index, mole on right cheek;  
these moles he has probably had re-  
moved but the following marks he can-  
not get rid of: scar center of forehead,  
scar left fore arm, end of nose creased,

Army Recorder J. M. Farmer is sure  
received a visit from him early last  
year. Sometime during the month  
May a man who Mr. Farmer says,  
answers the description of the swind-  
ler called at his office and asked for  
a description of a farm several miles west  
of the city. He also asked Mr. Farmer  
if there was any place in the city  
where he could secure an auto to take  
him out to the farm. Mr. Farmer had

All Democrats, whether members of the club or not and all other citizens are invited to be present.

By the way the tide is constantly increasing toward Governor Harmon. One would naturally conclude that the Republican newspapers that are assailing him with such vindictiveness and disgracing their columns with the vile epithets they are applying to him daily, would become discouraged in their efforts to defeat him by such methods. It looks like a case wherein desperation has destroyed reason and common sense.

The tariff on hosiery is \$9.75 per cent on the cheaper grades. The import book gave the unit value of 23¢, 000,000 pairs at 5 cents. Adding the tariff tax, it raised the cost of each pair more than 6 1-2 cents. This means that the wives and daughters of the American laborers will be required to pay a hosiery tariff tax of \$1,754,500 on these stockings, and the Trust gets the profit.

**FACTS ABOUT HIGH COST OF LIVING**

The American Magazine compares prices in Detroit, U. S. and Windsor, Canada. These two towns are separated by a half mile of river. The same hat that costs \$5 in Detroit can be bought for \$3 in Windsor, and a suit of clothes that sells for \$25 in Detroit can be bought for \$15 in Windsor. Both hat and suit are made in the United States and the laborer gets the same wage for making each. The tariff enables the manufacturer to rob the consumer in Detroit, while in Windsor he has to sell in competition with the world, and the consumer does not have to pay a royalty to millionaire trust magnates.

**HAS HARDING LOST HIS SENSES?**

Warren G. Harding has never been credited with any exceptional ability, but previous to the present campaign he has at least conducted himself as a man of common sense. Just now, however, he is fast destroying his reputation for even that. For the past two weeks the burden of his speeches in his campaign has been the assertion that Judson Harmon is a hypocrite! Judson Harmon a hypocrite? Ask his friends and neighbors in Cincinnati, Republicans and Democrats alike, who knew him as a boy and have seen every step of his career from that day to this, rising steadily in honor, power and esteem, without a single blot of hypocrisy or dishonor to mar the record at any point. Judson Harmon a hypocrite? Ask William Howard Taft, who publicly paid to Harmon, upon his appointment as Attorney-General of the United States, one of the highest tributes for honor and ability ever paid to any citizen of Ohio now living. Judson Harmon a hypocrite? Ask the Republicans and Democrats up at Granville who sat at the college dinner last June and saw the tears falling from his eyes and heard the ring of sincerity in his voice as he rendered his tribute to the institution for the lessons of manhood and honor which it instilled into him forty years ago, and told of the strength to pursue high ideals which he gained from the faith shown in him today by his Granville friends. Judson Harmon a hypocrite? Ask the great mass of the people of Ohio, who know him as they know few other men in public life. Ask the editors of a large share of the Republican papers of Ohio, who have repeatedly given him credit for the most absolute sincerity and honor, no matter how much they have differed with him as to matters of public policy. Judson Harmon a hypocrite? Ask the average Republican you will meet along the road, who reads the papers and knows what is going on. Judson Harmon a hypocrite? Mr. Harding, get down from the stump for an hour, shake yourself free from the unreasoning panic into which the grim shadow of approaching defeat has thrown you, clear your mind and heart of every thought and impulse inconsistent with a willingness to know and face the truth, and then, in the stillness of your own chamber say the words out loud, "Judson Harmon is a hypocrite," and see whether in your own unbiassed mind you have impeached anybody's sincerity but your own.

**Says the Eagle to the Rooster**  
**"I Don't Feel Much Like I Uster"**

The above are the headlines of the Ohio State Journal's political cartoon of Friday morning. Both the heading and the cartoon picture the political situation in Ohio and the country over most graphically. The great tidal wave is coming and spreading with increased volume and force. The former great Republican strongholds in Northern Ohio counties and cities are in a condition varying from an undercurrent of deep discontent to open revolt against Republican graft and the high cost of living. This disturbing discontent in Northern Ohio is the reason why the supposed Insurgent, James R. Garfield has been implored by the Republican leaders to take the stump for their ticket and try to stem the tide against them.

**TARIFFS THE FAMILY PAYS THE TRUSTS**

Every owner that paints a house or a barn pays tribute to the Guggenheims.  
Every family that has a bathtub or plumbing in the house pays tribute to the Guggenheims.  
Every housewife that uses zinc-coated kitchen utensils pays tribute to the Guggenheims.  
And Simon Guggenheim, by grace of the Republicans of Colorado, sits in the United States Senate to frame tariff schedules for the family.  
Aldrich and Guggenheim are now a matter of record. How many other senators are there who have been engaged in revising the tariff for the benefit of their own pockets?

The Waterloo, Iowa, Times-Tribune has figured that the average tariff tax paid to the government, per family, yearly, is \$20, and that the average extra price paid for domestic manufactures in consequence of high protection, per family, is \$175. This makes the annual tariff burden \$195 per year per family, and the government only gets \$20 of revenue. The balance is clear profit to the manufacturers.

**MY CORNS DON'T HURT A BIT**

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Calluses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend. —Sam. A. Hoover, Progress, N. C."

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

# Save One-Third to One-Half on Rich Ostrich Plumes Tomorrow

Saturday, Oct. 22 at 8 a. m.

we start the most gigantic sale of genuine South African male ostrich plumes and willow plumes ever held in Central Ohio.

A \$20,000 Cash Purchase at a Most Advantageous Time Gives Us This Wonderful Opportunity of Offering the Choicest Feathers At 1-3 to 1-2 Less Than Regular Prices

This great sale which opens tomorrow morning will engage the attention of every woman in Newark and vicinity. There is nothing that can excite the interest of women more quickly than the beautiful Willow Ostrich Plumes and surely this grand occasion will gain the attention, not only of the eye, but of the heart also, of everyone who comes.

## WHY SUCH VALUES ARE HERE

One of America's greatest importers of plumes and feathers from whom this syndicate (with which we associate in great purchases) buy most of our plumes, recently offered at a great sacrifice an immense quantity upon which he was obliged to realize cash. Nearly twenty thousand dollars worth.

The entire lot was bought by this syndicate at a saving of 33 1-3 to 50 per cent. Our portion of this gigantic purchase is nearly three thousand dollars, and we expect to sell the entire lot in one day. It will be the greatest sale of a single line ever held by this store.

## Plumes Were Imported From South Africa

All plumes in this immense assortment were plucked from the hardy South African male birds and have much greater vitality and durability than those from tame and delicate birds raised in captivity.

- 12-in. Black Plumes, \$1.75 value, for .95c
- 14-in. White and Black Plumes, \$2.50 value for \$1.67
- 17-in. White and Black Plumes, \$5.00 value for \$3.49
- 20-in. White and Black Plumes, \$8.00 value for \$5.95
- 22-in. White and Black Plumes, \$12.50 value, \$8.95

## Beautiful Willow Plumes

- 15-in. Black Willow Plumes, \$8.00 value, for \$4.49
- 17-in. Black and White Willow Plumes, \$9.00 value, for \$5.95
- 20-in. Black and White Willow Plumes, \$12.50 value, for \$8.95
- 22-in. Black and White Willow Plumes, \$18.00 value, for \$13.49
- 26-in. Black and White Willow Plumes, \$25.00 value, for \$17.95
- 28-in. Black and White Willow Plumes, \$35.00 value, for \$22.95

Everything Will be Ready Tomorrow Morning at 8 o'clock. See The Window Display

## Notice To Small Milliners

Many wholesale millinery houses buy their stocks of plumes from this same importer and have to pay more than we pay for these. After adding their profit their jobbing price must be much higher than which we will sell these fine plumes for at this sale. Small millinery stores should therefore take advantage of the most extraordinary sale and replenish their fall stock of plumes.

## CATARH SUFFERERS

Good Thing to Know.

If you own a Hyomei hard rubber inhaler Evans' Drug Store wants you to know that he will sell you a bottle of HYOMEI for only 50 cents. Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei inhaler.

Evans' Drug Store will sell it to you at that price and give you the opportunity to begin at once to rid yourself of vile catarrh and the sniffing, hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

No matter how chronic your catarrhal troubles, HYOMEI is guaranteed by Evans' Drug Store to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.

If you own an inhaler get a 50 cent bottle of HYOMEI today. If you do not own a Hyomei inhaler, ask for a \$1.00 outfit, which includes inhaler.

## BURGLARS ROB GENERAL STORE AT ALEXANDRIA

Burglars invaded the general store of Anderson & Co., in Alexandria, Thursday night, and made a careful selection from the suit and overcoat display, securing about ten suits and a number of overcoats, besides about \$4.00 in money, which was taken from the cash register. Entrance was gained by removing a glass from a rear window and raising the sash and two strangers seen in the village are suspected.

Thursday morning two men, strangers in Alexandria, were seen on the street, and they were immediately noticed by the residents. One was a tall fellow, fair complexioned and with a decided droop in one of his eyelids. The other was of medium height, and wore a black suit and a black felt hat, and he also wore a pair of peculiar looking glasses. Both the men were well dressed.

Storekeepers at once figured the men out to be burglars and Mr. Anderson was warned to keep a lookout and to carefully lock up the store. Going on this advice Mr. Anderson, before he closed the store for the night, locked his safe, which contained about \$10, but left his cash register open. In the drawers were nickels, dimes, quarters and pennies to the amount of \$4.00. With the exception of the pennies the money was taken.

Recently a window was broken in the store, and the putty around the new glass had not fully dried. This was cut away and the glass removed. The sash was then raised and entrance was gained.

Mr. Anderson bases his belief that the two strangers were robbers on the fact that several of the suits and overcoats taken were of extra length, such as would fit the taller of the two men. Ten suit hangers were empty Friday morning, showing the number of suits taken.

The store is located in the hotel building, and while the hotel was filled Thursday night no one heard the rig drive up that carried the stolen stuff away. However buggy tracks were found back of the store Friday morning.

The men that robbed the Anderson store are probably the same ones that entered the A. J. Hoyt store in Perryton the night before and secured a quantity of merchandise.

The police of adjacent towns and villages have been notified and a sharp lookout will be kept for the thieves.

## SEN. ALDRICH IS INJURED

May Have Been Victim of Mysterious Assault — Condition Causes Anxiety.

New York, Oct. 21.—Senator Nelson W. Aldrich of Rhode Island is slowly recovering today from the effects of a mysterious accident which befell him last night. He, himself, does not know how he was injured, but thinks he was struck by a taxicab or street car.

Grave alarm was felt for a time and his condition now is said to cause some anxiety. The main injuries are about the head. The senator was taking a stroll before dinner, about six o'clock, and twenty minutes after he left his apartments he staggered into a doorway. He said something struck him at the corner of Madison and Sixty-ninth streets. This corner is very busy and how no one saw the accident, or saw Aldrich as he staggered home is a mystery. The police heard nothing of the accident at that corner.

There are rumors of a murderous assault current today. A small army of newspaper men made a house to house canvass along Madison avenue today but failed to find one person who either saw the accident or saw Aldrich after it. That he could have been hit and then walk several blocks without attracting attention seems impossible.

Taxicab and railway officials say no accident has been reported to them. The Aldrich family today will not answer questions or answer the phone.

Doctors say Aldrich will be up in two days, but when asked if his injuries could be the result of an assault they refuse to answer.

## Ill Health the Only Bar to Beauty.

If you are rosy-checked, bright-eyed, happy and smiling through sheer health, surely then you're beautiful. At least so the world will believe you. On the other hand, lack-luster eyes, loss of color and good spirits will rob the most perfect features of their greatest charm.

Hazen Morse's Glycerole of Celery reconstructs the whole system. Right to the seat of the trouble, the body begins to build, the health to mend. The blood is sent coursing through every vein. Checks pump out — get rosy. Eyes grow lustrous. The figure straightens, angles give place to beauty curves. Cosmetics and complexion creams are discarded as no longer of value. One cannot improve on nature's own coloring.

Composed of purely vegetable celery, the effect of Hazen Morse's Glycerole of Celery is wholly beneficial. It is harmful in no way. It builds up — does not wear down — the system. Its effect is infinitely more beneficial than that of a mere stimulant. It easily and quickly regulates every organ, makes it sound and healthful, gives you back if you ever hope to enjoy life as you the robust health that means so much should enjoy it.

All this we prove. We guarantee it. We ask you to prove it — solely at our risk. Glycerole of Celery comes in four size bottles — 50c and \$1.00. Take home a bottle today. Try it. If the first week doesn't convince you that you are being benefited, bring back what you've not used — your money will be waiting.

Ask your druggist for Hazen Morse's Glycerole of Celery. He has it in stock. Be sure you ask for our 24-page book, "Do You Suffer?" It's free.

## UNION CENTER

Tuesday evening was the scene of a very pleasant gathering at the home of Mr. and Mrs. George Andrews. Mr. Andrews and his family are leaving the community to move into Fairfield county, and about eighty of their friends gathered to spend a social evening with them, before they left for their new home. Mr. and Mrs. Andrews have lived in this community for twenty-one years and their going is a source of genuine regret to all who have known them. Charlie and Nellie have been faithful and devoted to the church and Sabbath school, where their absence will leave a never-to-be-forgotten vacancy. Our good wishes and our love go with them as they go to their new home.

Mrs. David Lewis and daughter, Anna, called on friends in Harrison last Thursday.

Mrs. Edwards, who has been quite sick, is slowly improving.

Mrs. Daniel Williams and daughter Mary attended George Daniels' sale last Saturday.

Mr. Budd Brown and family visited friends near Newark, Sunday.

Mrs. Daniel Williams and Mr. Marion Hitt and son Loren took dinner with Mrs. Jones last Sunday.

Ralph Brown was in Outville Sunday.

Mrs. Henry Boards, who was operated on some time ago is getting along nicely.

Mrs. John Davis and daughter called on Mrs. M. Hitt Tuesday.

Mrs. Capell of Jersey visited relatives and friends here last week.

Mr. and Mrs. James Davis attended George Daniels' sale Saturday.

**Daddy's Bedtime Story** — The Boy and The Jam  
Made Straight for the Pantry

Of course you couldn't tell me what the word 'sommnambulist' means," said daddy when it came time for the bedtime story.  
"Is it something good to eat?" asked Evelyn.  
"Well, hardly, unless you were a cannibal," laughed papa. "A sommambulist is a person who walks in his sleep, and I am going to tell you about one. Once upon a time there was a little boy named Tommy Tucker, and every night when the clock struck twelve he would get out of bed and walk all around the house with his eyes tightly shut, for he was sound asleep all the time, you see. Tommy did not know he walked in his sleep and neither did his papa or mamma, for he made no noise.  
"Now Tommy was a very truthful boy, like all good children, and when his mother asked him one day if he had taken jam from the pantry without permission he said:  
"'No, mamma. Indeed, I wouldn't do such a thing.'  
"Well," she said, "somebody has stolen three jars of jam from the pantry." Tommy told his mamma over and over again that he had not stolen the jam, and that night she sat up to catch the thief. Well, a moment or so after the clock struck twelve she heard a pattering of bare feet on the stairs, and whom should she see come down and go into the pantry but her boy Tommy, and after he had eaten his fill she saw him hurry back to bed again. Oh, how bad she felt to think he had told her a falsehood! And the next morning when he again denied taking the jam she gave him a sound whipping and put him to bed. Poor Tommy lay there feeling very much abused and finally went to sleep, but when the clock struck twelve out he hopped and made straight for the pantry. His mother saw him, and as she ran and caught him by the arm she said:  
"Oh, you wicked, wicked boy! You will surely end your days in prison!"  
"She was about to put him over her knee and give him another sound whipping when she noticed that he was sound asleep all the time and did not know what he was doing."  
"And was she dreful sorry for whipping poor Tommy when he wasn't to blame?" asked Evelyn sympathetically.  
"Indeed she was," said daddy. "She put him back to bed, and when he awoke there were pots of jam all around him, and he could eat all he wanted to. But she cured him of walking in his sleep. She tied him in bed every night with a rope, and when the clock struck twelve after that Tommy Tucker would wriggle around a bit and then would dream that he owned a whole jam factory and was eating it by the shovelful!"

**WOMEN OF MIDDLE AGE**

**Need Lydia E. Pinkham's Vegetable Compound**  
Brookfield, Mo. — "Two years ago I was unable to do any kind of work and only weighed 115 pounds. My trouble dates back to the time that women begin to expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying." — Mrs. SARAH LORNON, 44 S. Livingston Street, Brookfield, Mo.  
The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.  
Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.  
For 20 years it has been curing women from the worst forms of female ill-health—irregularity, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.  
If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

# TO BAKE OR NOT TO BAKE

## The Modern Woman's Question

Whether it is better to bake your own bread, blister your fingers, spoil your complexion and temper, and perhaps have a baking failure, or to buy fresh every morning from your grocer

# TIP-TOP BREAD

that really wholesome, pure and deliciously-appetizing "quality" loaf.

You may bake good bread, but you cannot equal the quality of TIP-TOP BREAD—not because of your lacking individual baking ability, but because your kitchen stove or range cannot compare with our modern, improved ovens and mixing machines, which are built to bake bread and nothing else. That is only one reason why you should buy instead of bake. There are a score of reasons, and they all prove that the most nutritious brain and brawn building bread made or sold anywhere is

### ORPHEUM THEATRE.

The big musical extravaganza, "The Aviator Girls" at the popular Arcade playhouse this week is proving to be one of the greatest successes that has ever been offered the patrons of the Orpheum. The three funny comedians, Mark Lea, the prince of comedians, assisted by Billy Fister, the happy Dutchman, and J. B. Cunningham are making one of the biggest hits in the history of the house. They will make you laugh throughout the entire performance. The seven pretty girls appear in nine musical numbers, introducing the latest song hits and make nine complete changes of beautiful costumes. This, with the company's own special scenery makes the most pleasing, cleanest and most refined entertainment for ladies and children that has ever been presented in any city at ten and twenty cents. Do not fail to see them.

The daily matinees start at 2:15, sharp. Special matinee Saturday. Children under 10 years, 5c.

The Orpheumscope has a feature film.

## LIFE NOT WORTH LIVING

is the way Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes, "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed, and my life was not worth living.

Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimony to be genuine.)

What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. F. D. Hall, druggist.

## WOMEN WHO NEED STRENGTH

Will Be Interested in the Story of This Kansas City Woman.

After Years of Terrible Suffering She Tried Dr. Williams' Pink Pills and Became Well and Strong Again.

Miss Florence Whitehouse, a music teacher, of No. 536 Oakley avenue, Kansas City, Mo., found Dr. Williams' Pink Pills exactly suited to her case and her cure should encourage other women to give these pills a trial. She says:

"A few years ago I was afflicted with weakness, which followed a severe attack of malaria. I had severe pains through the small of my back and could hardly move around. It seemed that every bone in my body was sore. I was chilled through all of the time. During the warmest days of summer I would have to dress with heavy clothing. I was just like a skeleton and kept losing flesh. I would have terrible headaches. My head felt as though it was whirling around. My people thought I was going into consumption and I did not care whether I lived or not. I was sick for nearly six years.

"I was under the care of a doctor for several months. He kept me alive and that was about all. I could see no improvement under his treatment and, as a last resort, my people sent me to Excelsior Springs, Mo., thinking that the water there might help me. I did not improve much but while there I heard of Dr. Williams' Pink Pills, and as soon as I arrived home I began to take them. I could see a quick change after a short trial. I told my doctor what I was taking and he advised me to continue with them. He said they just hit my case. I took the pills until I became well and strong again and I have since been in good health. I cheerfully recommend Dr. Williams' Pink Pills to weak women.

Two helpful booklets, "Diseases of the Blood" and "Talks to Women," giving more information about the remedy will be sent free on a postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. The genuine are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

NEWARK PEOPLE CAUGHT IN THE FLORIDA STORM

Mr. T. R. Wilson of North Gay street has received word from his daughter-in-law, Mrs. James Wilson, that the Newark party which started for the Isle of Pines Tuesday, was being held up at St. Augustine, on account of the recent hurricane which swept the Florida coast. Railroad traffic is completely tied up and it may be some few days before the party can be rescued on their journey. In the party were Mr. and Mrs. Charles G. Hill, Mr. and Mrs. William Clemmons, Mrs. James Wilson and three children, William Walker and A. H. Powell.

MEN'S TRIP AROUND THE WORLD SUNDAY

Sunday the Y. M. C. A. meeting for men will enjoy the second of the splendid "Around the World" travelogue.

Rev. W. D. Ward, pastor of the Church of Christ will be the speaker and Mr. B. F. Stuber will lead the singing. Nearly a hundred fine lantern views of Japan and the Japanese will illustrate the address. The meeting is not sectarian in any sense and men of all sorts are made welcome. It is not uncommon to have men present from various parts of the country. Three o'clock is the hour of the gathering.

AN ABSOLUTE NECESSITY.

So Think—At Least One Traveling Man.

I would as soon think of starting out without my mileage book and grip as to start out without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night, and I don't believe any man's stomach will stand that sort of thing without protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it. Tell me I'm an easy mark for patent medicine fakers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out and all "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day, and a headache about three or four times a week and after standing for this for four or five years I began to look around for a cure and found it when my doctor told me the best investment I could make would be a fifty-cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since, and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicine as much as in selling hardware.

FIRE SALE TOMORROW AT STEPHAN'S.

COMPLIMENTS JUDGE HUNTER.

The Utica Herald, in speaking of the appointment by Governor Harmon of Robbins Hunter as probate judge, to fill the vacancy occasioned by the death of Judge Brister, says:

"Judge Hunter is a son of the late Samuel M. Hunter, a prominent member of the bar and at one time common pleas judge. He received a college training at Denison University and then took a law course at O. S. U., after which he became associated with his father in practice. He is a bright young man and we believe he will show himself well capable of performing the duties of his important office."

A FEW DOSES MAKE ANY BACKACHE OR KIDNEY MISERY GO

The time to cure kidney trouble is while it is only trouble. Before it settles into Dropsy, Diabetes, Gravel or Bright's Disease.

The moment you suspect any kidney, bladder or urinary disorder, or feel a constant or dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular or passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine at any price, made anywhere in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system, cleanses, vitalizes and regulates these ducts, organs and glands, ending at once such miserable symptoms as lame back, Prostatic trouble, headache, dizziness, weakness, nervousness, rheumatism and darting pains, inflamed or puffy eyelids, irregular, bilious stomach, worn-out feeling, sleeplessness or uncontrollable urination (especially at night), and other distress.

Don't be miserable another moment with a lame back, clogged, inactive kidneys or bladder misery, for after taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

Remember all voters removing from one precinct to another must secure a "removal certificate" from the registrars. Polls open this evening from four to nine o'clock.

THE HAUNTED KING.

"The Haunted King," a story of the great first king, Saul, has recently been issued by the C. M. Clark Publishing Company and is finding a ready sale. The story of the days of hazanah, of the nights of revelry and the nights of sorrow, of the growing power of the religion, the religion of Christ, is a story vividly told.

Yet through this story of vice and ruin runs as pure a love tale as ever was told. Prince Attai of the guard of King Achish, loved by the Princess Atarah, beautiful of face, but cruel of heart, becomes enamored of Leah, Elnathan a sheep herder.

The brutal methods taken by Atarah to separate the lovers reaches the final culmination at a fete day, a day of barbarous torture for Leah and Leah before they are finally rescued and reunited. The word picture of that day as planned by the Princess Atarah, is a marvelous piece of descriptive work and holds the reader enthralled.

The author of this realistic story of the type of Ben Hur and Quo Vadis is Thomas Emmet Moore, a newspaperman of Wellington, O., and his work marks him as a coming author, of clear mind and vivid descriptive ability.

The great battle scene between the Christians under King Saul and the Philistines under King Achish is well described and brings the book to a close.

**The Famous Rayo**

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. A Rayo lamp has the least effect on the human eye, and the Rayo Lamp is the best of all lamps made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflattering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickel-plated, and easily polished.

Most people find sponges hard to keep clean and free from slime and for this reason have discarded them entirely. However, it is easy to keep them clean and sweet if in addition to rinsing in clean, warm water after being used, they are boiled once a week in water to which has been added a teaspoonful of Gold Dust washing powder and then rinsed through several clear, warm waters. #### KEITH VAUDEVILLE.

The concluding bill at the Auditorium theatre is a very good one and played to large crowds at all performances. This will be the last opportunity to see Keith vaudeville and every one seems anxious to see the last performance.

The show opens with Marolio a slack wire walker, who is very clever. He does juggling of several kinds on the wire and concludes his act with some fast work.

The Diamond Comedy Four give a school scene with comedy, introduced, but the act mainly features the work of the quartet, which is enthusiastically enjoyed.

Pauline Welch is petite and pretty little soubrette. She has a very pleasing voice and a delightful stage presence. Her gowns are very pretty and chic and she finishes her act with a Spanish dance.

Fred Wright and company put on a play called "Master of Men." The sketch has a cast of four characters who are all clever, and the piece is full of action. Situations are developed rapidly and the principals are hard workers of ability.

The feature act is the Ishiwaka troupe of Japanese acrobats and were held over from the first of the week. They still prove a big drawing card.
